

## Need Hawley

To The Editor:

We are going to vote for Grace Hawley for the position of Colton town supervisor. We are asking that you do the same.

Grace is known to us and we know that she will do the right things for the town of Colton. Grace has always been there for her neighbors and will continue to lead the town in the right direction.

When the town settled the litigation with the state of New York, lots of ugly words were printed and spoken. We appreciated the fact that Grace measured the words and provided us with real facts and real information. It has all proven to be accurate.

When the town was under attack by the caterpillars and those that supported the spraying and those that opposed the spraying of the caterpillars, Grace found a way to get the job done.

This is the kind of leadership that we need. Grace does not pass the task to others to take control; she works with the people. Grace does not stall to avoid; she gets the job done. Grace does not publish half truths and falsehoods; she tells the truth.

Today, the Republican voters in the town of Colton are asked to vote for the person that is needed: Grace Hawley, town supervisor.

Thank you.

## Vote Grace

To The Editor:

Grace Hawley is running for the position of town supervisor for the town of Colton. She is facing opposition in the primary election and needs our support. I am asking you to vote today and to vote for Grace Hawley, supervisor.

I have known Grace and her family for years. She has been a friend and neighbor to us and many in the township. Grace and her husband, Morris "Buzzy" Hawley, raised their children in the community and three of their four children have remained in the township.

Grace has been active in the local church, Republican Party, assisted the fire department at annual dinners and it is evident her interests reflect the town. She wants a place that is safe to raise children, a town that takes care of its neighbors, a place to recreate and a home. She has worked hard to create that for her family and for the town.

She told me she decided to run for the office of town supervisor because of the troubles that have been evident over the past few years. The lies, the division, and the lack of leadership place the town of Colton at risk.

I believe that she can stand above and apart from this type of behavior and thinking. She is the individual that is needed at this hour.

I encourage all Republicans to vote on Primary Day, today. I ask you vote Grace Hawley, town supervisor.
