

Incident

To The Editor:

Town Councilwoman Grace Hawley recently attended the funeral of her nephew Tom Robert. On Monday morning Sept. 24 Mrs. Hawley received a sympathy card to her at the Town Hall address. Upon opening the card she immediately left the Town Hall. I soon learned that in addition to the sympathy wishes the unsigned card contained an additional message. This addition to the message of sympathy came from someone who appears to have no heart.

Although I cannot apologize for this cold hearted individual, I want to nevertheless give my sympathies to Mrs. Hawley that this incident happened at all. I ask the townspeople to please let by-gones be by-gones and bring the people of the town together to do good work for the benefit of all Colton and South Colton residents. If this is politics, it is politics at its worst!
