

MICKI NESBITT
REPUBLICAN CANDIDATE FOR

COLTON TAX ASSESSOR

Dear Colton Voters:

I would like the opportunity and the privilege to be elected Tax Assessor for the Town of Colton. Although politics are most often involved with the election process it certainly has no place when determining property values. I am committed to fairly carry out the duties of assessor. This fairness also means a willingness to be tough when necessary to ensure all property owners are paying their fair share.

My wife, Shirley, and I have been property owners here since 1995. We liked this community so much we built our retirement home in Colton and moved here about four years ago. Though not quite retired yet, we are looking forward to that day soon. We have two sons and a semi-empty nest. I am currently a Maintenance Superintendent for Alcoa at the Massena West Plant and have been working there over 30 years in the maintenance department. I have been active in the Higley Association for the past 12 years.

Although I currently have no formal assessing experience, I am becoming familiar with the process and will certainly attend the necessary training. Attending Town Board meetings has become a regular activity for me. This past spring, I served on the Colton Sidewalk Committee assisting with gathering information for the "Million Dollar Grant" application.

I think elected officials need to remember who they work for and the primary responsibility is acting in the best interest for the Town of Colton and its taxpayers. Listening is an important part of making informed decisions. If this concept is important to you please give me your support on November 6, 2007.

Thank You,

Micki Nesbitt
262-2820

A handwritten signature in black ink that reads "Micki Nesbitt".

Please vote for:
William Swafford for Town Supervisor
Mary Jane Watson for Town Council
Ed Wright for Town Council
Micki Nesbitt for Tax Assessor

Please Vote Tuesday, November 6, 2007
